## MESSAGE FROM EXECUTIVE DIRECTORS

Dear Stakeholders,

It gives me immense pleasure to welcome you to our 26th Annual General Meeting of Sumit Woods Limited. I hope you and your family are safe and healthy. We are hopefully emerging from possibly the most challenging period of our lives and I extend my heartfelt sympathies to all who have suffered during this calamity. We are living in extraordinary times.

Today, we have adjusted to a new normal of working from home, meeting online and generally relying on technology to help us overcome barriers and restrictions on our freedom of movement. We ended the year on a positive note with signs of a strong revival of our business.

We are deeply gratified by the adaptability and resilience our employees have displayed during these trying times. We focused on how to best protect and support our families, employees and communities in the face of this unfolding crisis. We introduced the comprehensive employee support with free covid vaccination (both the doses) drive was organized dated June 23, 2021 (1st dose) and September 24, 2021 (2nd dose) for all our employees and their dependents, site workers along with their family and friends and public at large too.

Sumit Group has built its reputation on financial strength, the ability to respond quickly to opportunities in the market place and a history of positive performance on behalf of our clients and with every transaction, we stress on creative solving coupled with judicious application of sound real estate principles. Sumit Group takes pride in calling themselves Redevelopment specialists; having completed over 60 projects across MMR and Goa.

In this year 2022 is expected to emerge better than before. The residential sector is likely to be a major beneficiary in the upcoming year. Technology has enabled companies to digitize processes and make data-driven decisions about how to manage and use space. While the increased focus on effective space utilization has placed greater importance on workplace strategies, technology is playing a pivotal

role in the successful implementation of these strategies. India is at a decisive point in its journey toward prosperity.

The economic crisis sparked by COVID-19 could spur reforms that return the economy to a high-growth track and create gainful jobs for 90 million workers by 2030.

At Sumit Group, our commitment spans over 3 decades to serve the society at large and does not stop at developing projects, but extends beyond that. We undertake slum rehabilitation projects, not only to transform the city's landscape but also give a better living space to the weaker sections of our society.

People are looking for more get-away locations close to the metro cities for peaceful stays. There's more demand for ready-to-move-in projects over the under construction ones. 2025 will increase the demand for second homes. These will sustain in those locations wherever there is good social and medical infrastructure.

Sumit Group will strive to bridge this gap and make sure it caters to all customer requirements across geographies. Our strategy for our long-term growth is based on a fundamental principle: Be customer-first.

We remain focused on our business model and aim to create value for all our stakeholders, employees, customers and the environment in the most judicious and sustainable manner.

We thank all customers, stakeholders and partners for the continued trust and support. Lastly, I thank every employee of Sumit Group for being an unshakable pillar of strength and personifying relentless commitment to our core values.

**Best Wishes,**

## **STATEMENT IN RESPECT OF THE SPECIAL BUSINESS PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013**

The following explanatory statement sets out all material facts relating to the Special Business mentioned in the accompanying notice:

### **Item No. 3**

The members of the Company at the 20th Annual General Meeting held on September 30, 2017, had approved the appointment of SSRV & Associates, Chartered Accountants, as the statutory auditors of the Company for a term of 5 years i.e. from the conclusion of the 21<sup>st</sup> Annual General Meeting until the conclusion of the 25<sup>th</sup> Annual General Meeting to be held in the year 2022. Accordingly, the said term of the Statutory Auditors shall expire with conclusion of the ensuing Annual General Meeting. As per terms of section 139(2) of the Companies Act, 2013 an audit firm cannot be appointed as auditor for more than 2 terms of 5 consecutive years. As SSRV & Associates will be completing the 1st term of 5 consecutive years with the conclusion of ensuing Annual General Meeting, and they being eligible and have consented for their appointment for 2nd term of 5 consecutive years, the Audit Committee and Board of Directors of your Company have recommended the reappointment of SSRV & Associates for 2nd term of 5 consecutive year i.e. from the conclusion of the ensuing 27<sup>th</sup> Annual General Meeting until the conclusion of the 31<sup>st</sup> Annual General Meeting to be held in 2027.

The Board of Directors, in consultation with the Audit Committee, will decide the remuneration payable for the proposed 2nd term of 5 consecutive year as mentioned above, and also the terms and conditions of such appointment, as may be mutually agreed with the said statutory auditors. Additionally, the Company would also from time to time avail certification/reporting services from SSRV & Associates, as may be required by banks/lenders/ government bodies/ or other persons, and also such other permitted non-audit services that SSRV & Associates, can render under the Applicable law, for which they shall be remunerated separately as per the approval of the Audit Committee/Board of Directors and as mutually agreed with SSRV & Associates.

Considering their past performance, their understanding of the Company's operations, systems and processes, and their experience and expertise, the Audit Committee and the Board of Directors have recommended the re-appointment of SSRV & Associates as the Statutory Auditors of the Company for the proposed 2<sup>nd</sup> term of 5 consecutive year as mentioned above.

The brief profile of SSRV & Associates (Firm's Registration No. 135901W) ("the Audit Firm"), is a firm of Chartered Accountants registered with the Institute of Chartered Accountants of India. SSRV & Associates was founded by CA Satyendra Sahu, CA Vishnu Kabra and CA Rakesh M Agarval in the year 2007. CA Satyendra Sahu is having the experience of 10 years in the area of Direct Taxation, Indirect Taxes, Internal and Statutory Audits. CA Rakesh M Agarval is having the experience of 9 years in the area of Income Tax matters, Direct Taxes and Internal & Statutory Audit & Inspections. CA Vishnu Kabra is having the experience of 10 years in the area of Direct & Indirect Taxes, Fund raising (debt & equity), Capital Markets, Statutory and Management Audits.

Your Directors recommend the resolution set out at item no. 3 to be passed as an ordinary resolution by the members.

None of the Promoter, Directors, Key Managerial Personnel of the Company and their relatives are concerned or interested financially or otherwise in the resolution as set out at item no. 3.

## **RISK MANAGEMENT POLICY**

The Company has a well-defined risk management framework in place, which provides an integrated approach for identifying, assessing, mitigating, monitoring and reporting of all risks associated with the business of the Company. Although the Company is not mandatorily required to constitute the Risk Management Committee, but to ensure effective risk management the Board of Directors constituted the Risk Management Committee to monitor and review risk management, assessment and minimization procedures and to identify, review and mitigate all elements of risks which the Company may be exposed to.

The Company recognizes that risk is an integral and unavoidable component of its business. Hence, the Company has adopted a Risk Assessment and Management policy (“Policy”) to formalize risk based decision-making together with management processes. Risks are managed through a formal risk process as set forth in the Policy. This policy articulates the requirements for processes which include identifying, assessing, measuring, and monitoring risk activities across the organization and establishes governance roles for risk management.

## CONTESTING COVID (vaccination campaign)

Our Company wide COVID-19 vaccination campaign was major success last year. The COVID-19 pandemic last year elicited a focus on mitigating the situation at hand, and we beautifully came together to deliver our best as one big family. From a wholly sponsored vaccination drive at our office, we stood by our communities as they battled the pandemic.

During this campaign, we vaccinated approximately one thousand doses. The campaign was designed for communities – employees including our contract work force, their family members and the entire ecosystem around them including domestic help, drivers as well as their family members. The campaign was our effort towards breaking the chain of the COVID-19 pandemic and supporting the nation’s fight against the virus.

## MANAGEMENT'S DISCUSSION & ANALYSIS

The following management's discussion and analysis ("MD&A") is intended to assist readers in understanding Sumit Woods Limited (the "Company" or "Sumit Group"), its business environment, strategies, performance, and outlook and the risks applicable to Sumit Group. It should be read in conjunction with our consolidated financial statements and accompanying notes (the "financial statements") for the year ended March 31, 2022.

It has been more than two years since the pandemic began but the world continues to face regular disruptions with several COVID-19 variants. Global economies entered 2022 on a weak note with the spread of the Omicron variant, which had much higher transmissibility but thankfully less severity compared to the Delta variant.

According to the World Economic Outlook (WEO) update, the world economic output grew by 6.1% in 2021, after declining by 3.1% in 2020. The economic expansion in 2021 was a result of extraordinary policy support provided by the world central banks. Even as new variants emerge, mortality due to COVID-19 has reduced dramatically because of continued efforts towards vaccinations, with over half of global population having received at least one dose.

However, the prospects of an expected global economic recovery have dramatically worsened since the onset of the Russia-Ukraine war which will have global repercussions. Further, the war is continuing to cause damage to global supply chains, particularly in fuel and food, further exacerbating inflationary pressures and increasing pressure on emerging economies.

### INDIAN ECONOMY

The Indian economy has been fairly resilient in the last year despite pandemic related challenges, however few headwinds could impact economic recovery in FY2022-23. India's GDP grew by 5.4% in Q3 FY2021-22 as against 8.5% growth in the previous quarter. The RBI slashed the FY2022-23 GDP forecast to 7.2% (from 7.8% earlier) in its April 2022 Monetary Policy Committee meeting, citing the impact of escalating geopolitical tension on the economic outlook. The central bank also raised its FY2022-23 retail inflation estimate to 5.7% from 4.5% earlier. Global disruptions, shortages and escalating prices of commodities as a result of geopolitical tensions and sanctions have so far persisted which pose a substantial risk of unusually high inflation.

Economic uncertainties on account of covid-led supply disruptions and geopolitical tensions have impacted India as well. The country, being a major oil importing country, is grappling with elevated inflation which led the Reserve Bank of India (RBI) to hike the repo rate by 90 basis points (bps) in May and June 2022. It is predicted that this upward trajectory will continue in this financial year leading to interest rate hardening by 150-200 bps cumulatively by end of FY23. RBI nonetheless predicts the Indian economy to grow at ~7.2% due to its inherent strength and reforms such as Government led public capital expenditure and a focus on enhancing manufacturing capabilities through Production Linked Incentive (PLI) schemes, and so on.

The real estate industry saw a structural change in the customer behavior and preferences. The sector witnessed a paradigm shift in consumer preference towards quality developments across residential and commercial workplaces. This shift clearly indicates the important trend of 'Flight to Safety and Quality'.

The Central Government continued its focus on boosting availability of affordable homes under the Pradhan Mantri Awas Yojana (PMAY). The establishment of the Special Window for Affordable and Mid-Income Housing (SWAMIH) fund proved beneficial in enabling completion of stuck projects by providing last mile funding for such projects. Approximately 9,000 homes have been reported as delivered under this scheme and it is expected to deliver approximately 12,000 homes every year, for the next few years. The completion and turnaround of such stuck projects may be a sentiment booster for the industry.

## **INDIAN REAL ESTATE INDUSTRY OVERVIEW**

The Indian real estate sector, which includes the residential, office, retail, industrial, logistics and hospitality segments, is a key contributor to GDP growth, and is one of the largest employers in India-second only to agriculture. The sector contributes nearly 6% to the total GDP of the country. According to Anarock Research and various industry sources, with a CAGR of around 10% Real Estate market has grown from US\$ 50 bn in 2008 to US\$ 120 bn in 2017. The sector is expected to reach a market size of US\$ 1 trillion by 2030 clocking a CAGR of 18% and becoming third largest globally.

In the past three to four years, Indian Real Estate has witnessed various change agents including demonetization, implementation of RERA, GST, liquidity crisis, etc, which have cleaned up the sector, brought transparency and have started the process for consolidation of the sector towards the branded developers.

Another key contributor towards the consolidation theme for sector and the cause for its acceleration has been the sharp decline in credit from the formal financial sector to unbranded developers. This coupled with lack of customer trust for this segment has meant that such unbranded players will be unable to bring any meaningful supply in the near future. As per Anarock Research, incremental credit to real estate developers has come down from over an average of `40,000 crore over FY17-19 to merely ` 5,000 crore in FY20. As per estimate, this figure would have further dropped in FY21. Clearly the dramatic fall in incremental credit flowing from banks & NBFCs to the developers meant that most of the unbranded developers are unable to continue the existing projects as well as launching new projects. These unbranded developers along with the financial institutions who supported them earlier are now looking at the branded and stronger tier-1 developers to rescue those projects by taking over the existing projects and/or tie-up for their new land parcels. Thus, the sector is currently very favourable for the well-known branded developers.

## **MUMBAI REAL ESTATE**

India's real estate sector in general and the housing segment in particular, has shown quick recovery from the Covid-induced crisis. There are some critical differences between the global housing market boom and the recovery in the housing market in India. Globally the housing boom has been accompanied by a sharp rise in housing prices, resulting in fears of a housing bubble. However in India, the housing sales surge has not been accompanied by a material rise in prices, leading to a more sustainable recovery.

The Mumbai Metropolitan Region (MMR) was amongst the worst affected regions during the first wave of the pandemic. However it also emerged amongst the few resilient residential markets with healthy recovery in CY2021. In the last few quarters, government incentives such as stamp duty waivers and reduction of home loan interest rates, together with developers adapting to the changing consumer sentiments and responsive product positioning has accelerated sales as well as launch momentum in the Mumbai residential market. The MMR market contributed ~30% of launches and 27% of sales

volume on an all-India level during CY2021.

The Mumbai property market that accounts for 10% of national volumes, 23% of sales and a third of the margins, is on the cusp of a historic upcycle on all fronts, having already hit a decadal high of new or primary sales in 2021 despite the pandemic induced disruptions.

### **Opportunities**

As India awaits policy reforms to pick up speed, your Company firmly believes that the demand for Real Estate in a country like India should remain strong in the medium to long term. Your Company's well accepted brand, contemporary architecture, well designed projects in strategic locations for customers and shareholders. Your Company is ideally placed to further strengthen its development potential by acquiring new land parcels.

### **Challenges**

While the management of your Company is confident of creating and exploiting the opportunities, it also finds the following challenges:

- Unanticipated delays in project approvals;
- Availability of accomplished and trained labour force;
- Increased cost of manpower;
- Rising cost of construction;
- Growth in auxiliary infrastructure facilities; and
- Over regulated environment.
- Any further pandemic induced lockdowns
- Steep increase in interest rates in general and mortgage rates in particular

## COMPANY STRENGTHS

Our Company has been in the real estate business for nearly four decades

Your Company continues to capitalize on the market opportunities by leveraging its key strengths. These include:

**Brand Reputation:** Enjoys higher recall and influences the buying decision of the customer given our hold on market being more than three decades. Strong customer satisfaction further results in higher premium realizations.

**Execution:** Possesses a successful track record of quality execution of projects within a period of three year since commencement of any project with contemporary architecture which fulfils the requirement of micro market and potential buyers.

**Strong cash flows:** Has built a business model that ensures continuous cash flows from their investment and development properties ensuring a steady cash flow even during the adverse business cycles as 90% of our inventory is sold before the completion of projects.

**Significant leveraging opportunity:** Follows conservative debt practice coupled with enough cash balance which provides a significant leveraging opportunity for further expansions.

**Outsourcing:** Operates an outsourcing model of appointing renowned architects / contractors that allows scalability and emphasizes contemporary design and quality construction – a key factor of success.

**Transparency:** As your company's motto states „Creating Value Building Trusts' which reflects our strong culture of corporate governance and ensures transparency and high levels of business ethics.

**Highly qualified execution team:** Employs experienced, capable and highly qualified design and project management teams who oversee and execute all aspects of project development.

**Strong Financing:** Your Company have had a good relations with various NBFCs and Bankers for funding of projects in the near past and the company is able to maintain the same status given the current industry scenario.

### Focus Points on future growth:

Focus is on middle, upper middle class group and aspirational class in alignment with the government's aspect to provide housing for all;

Focusing more on project acquisition through joint ventures and development management model with view to achieve asset light model;

Focusing on timely completion of project by adopting new technologies in the field of constructions; and

Your company focuses on various opportunities in Mumbai and Goa in the field of Re- development and development which will ensure robust growth in revenue and profitability of company.

## **RISKS AND CONCERNS**

### **Market price fluctuation**

The performance of your Company may be affected by the sales and rental realisations of its projects. These prices are driven by prevailing market conditions, the nature and location of the projects, and other factors such as brand and reputation and the design of the projects. Your Company follows a prudent business model and tries to ensure steady cash flow even during adverse pricing scenario.

### **Sales volume**

The volume of bookings depends on the ability to design projects that will meet customer preferences, getting various approvals in time, general market factors, project launch and customer trust in entering into sale agreements well in advance of receiving possession of the projects. Your Company sells its projects in phases from the time it launches the project, based on the type and scale of the project and depending on market conditions.

### **Execution**

Execution depends on several factors which include labour availability, raw material prices, receipt of approvals and regulatory clearances, access to utilities such as electricity and water, weather conditions and the absence of contingencies such as litigation. Your Company manages the adversities with cautious approach, meticulous planning and by engaging established and reputed contractors. As your Company imports various materials, at times execution is also dependent upon timely shipment and clearance of the material.

### **Land / Development rights – costs and availability**

The cost of land forms a substantial part of the project cost, particularly in Mumbai. It includes amounts paid for freehold rights, leasehold rights, fungible FSI, construction cost of area given to landlords in consideration for development rights, registration and stamp duty. Your Company acquires land / land development rights from the government and private parties. It ensures that the consideration paid for the land is as per the prevailing market conditions, reasonable and market timed. Your Company also enters into MOUs and makes advances for the land / land development rights prior to entering into definitive agreements. The ensuing negotiations may result in either a transaction for the acquisition of the land / land development rights or the Company getting a refund of the moneys advanced.

### **Financing costs**

The acquisition of land and development rights needs substantial capital outflow. Inadequate funding resources and high interest costs may impact regular business and operations. Your Company has always tried to build sufficient reserves resulting out of operating cash flows to take advantage of any land acquisition or development opportunity.

## **CAUTIONARY STATEMENT**

This management discussion and analysis contain forward looking statements that reflects your Company's current views with respect to future events and financial performance. The actual results may differ materially from those anticipated in the forward looking statements as a result of many factors.

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF SUMIT WOODS LIMITED

#### Report on the Audit of the Consolidated Financial Statements Opinion

We have audited the accompanying consolidated financial statements of **SUMIT WOODS LIMITED** (the "Company") and its subsidiaries, (the Company and its subsidiaries together referred to as the "Group") and its joint venture, which comprise the Consolidated Balance Sheet as at March 31, 2022, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements, give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ("Ind AS") prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2022, the consolidated Loss, consolidated total comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

#### Management's Responsibilities for the Consolidated Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS and other accounting principles generally accepted in India. The respective Boards of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation

and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Boards of Directors of the companies included in the Group are responsible for assessing the ability of the respective entities to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Boards of Directors either intend to liquidate their respective entities or to cease operations, or have no realistic alternative but to do so.

The respective Boards of Directors of the companies included in the Group are also responsible for overseeing the financial reporting process of the Group.

### **Auditor's Responsibilities for the Audit of the Consolidated Financial Statements**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company and its subsidiary companies which are companies incorporated in India, has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to

cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of areas on ably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **Other Matters**

The Consolidated annual financial result includes the audited financial result of 4 Subsidiaries and 5 LLP's, whose financial statements reflect total assets (before consolidation adjustment) of Rs. 11,541.25 lacs as at 31<sup>st</sup> March, 2022, total revenue (before consolidation adjustment) 4,548.70 lacs and total net loss after tax (before consolidation adjustment) Rs.   - e) On the basis of the written representations received from the directors of the Company as on March 31, 2022 taken on record by the Boards of Directors of the holding Company and its subsidiaries incorporated in India and the reports of the statutory auditors of its subsidiary companies incorporated in India, none of the directors of the Group companies incorporated in India is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" which is based on the auditors' reports of the Company and its subsidiary companies incorporated in India. Our report expresses an unmodified opinion on the adequacy and operating effectiveness of internal financial controls over financial reporting of those companies.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance

with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
- i) The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
  - ii) Provision has been made in the consolidated financial statements, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
  - iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.

## **ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT ON CONSOLIDATED FINANCIAL STATEMENTS OF SUMIT WOODS LIMITED (“THE COMPANY”)**

With reference to the **Annexure A** referred to in the Independent Auditors’ report to the members of the Company on the consolidated financial statement for the year ended 31 March 2022, we report the following:

(xxi) In our opinion and according to the information and explanations given to us, there are no qualifications or adverse remarks by the respective auditors in the Companies (Auditor’s Report) Order, 2020 reports of the companies incorporated in India and included in the consolidated financial statements.

### **ANNEXURE “B” TO THE INDEPENDENT AUDITOR’S REPORT**

(Referred to in paragraph 2 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of **SUMIT WOODS LIMITED** of even date)

#### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

In conjunction with our audit of the consolidated financial statements of the Company as of and for the year ended March 31, 2022, we have audited the internal financial controls over financial reporting of **SUMIT WOODS LIMITED** (hereinafter referred to as the “Company”) and its subsidiary companies, which are companies incorporated in India, as of that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Boards of Directors of the Company and its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”) and the Standards on Auditing, prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company and its subsidiary companies, which are companies incorporated in India.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

In our opinion and to the best of our information and according to the explanations given to us, the Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal financial control over financial reporting criteria established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## 1. Background Information

Sumit Woods Limited (The Holding Company) was originally incorporated as “Sumit Woods Private Limited” at Goa on January 09, 1997 under the provisions of the Companies Act, 1956 vide Certificate of Incorporation issued by the Registrar of Companies, Goa, Daman and Diu at Panaji, Goa. The Registered Office of the Company was thereafter shifted to Mumbai with effect from March 24, 2005. Subsequently, The Holding Company was converted into a public limited company under the Companies Act and the name of the Holding Company was changed to ‘Sumit Woods Limited’ pursuant to fresh certificate of incorporation consequent upon change of name on conversion to public limited company dated February 06, 2018 issued by the Registrar of Companies, Maharashtra, Mumbai.

The Holding Company and its subsidiaries (including Limited Liability Partnership) (hereinafter referred to as “the Group”) are primarily engaged in the business of real estate/ real estate development and incidental services.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report for the principal activities of the Company.

The Consolidated financial statements of the Group as on March 31, 2022 were approved and authorised for issue by the Board of Directors on May 27, 2022.

## 2. Statement of Compliance with Ind AS

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

## 3. Basis of Preparation of Consolidated Financial Statements

The Consolidated financial statements have been prepared on accrual basis under the historical cost convention except for certain financial instruments measured at fair value at the end of each reporting period as explained in accounting policies below.

The Consolidated financial statements are presented in Indian Rupees (INR) and all values are rounded to the nearest lacs, unless otherwise indicated.

### Current and Non-Current Classification:

An asset/liability is classified as current when it satisfies any of the following criteria:

- i. It is expected to be realized/ settled, or is intended for sale or consumption, in the companies normal operating cycle or
- ii. It is held primarily for the purpose of being traded or
- iii. It is expected to be realized/ due to be settled within 12 months after the reporting date or
- iv. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date or
- v. The Group does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

All other assets and liabilities are classified as non-current.

#### **4. Basis of consolidation**

The consolidated financial statements incorporate the financial statements of the Company and entities (including structured entities) controlled by the Company and its subsidiaries (together the 'Group').

Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holdings of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the

current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date when the Company ceases to control the subsidiary. Profit or loss and each component of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses, and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Goodwill arising on consolidation is not amortised and it is tested for impairment on annual basis.

#### **5. Use of estimates**

The preparation of consolidated financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Group to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures including disclosures of contingent assets and contingent liabilities as at the date of consolidated financial statements and the reported amounts of revenues and expenses during the period. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the consolidated financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of: fair valuation of unquoted equity investments, impairment of financial instruments, impairment of property, plant & equipment, useful lives of property, plant & equipment, provisions and contingent liabilities and long term retirement benefits.

#### **Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):**

The Group has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of investments. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Group, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The impact of COVID-19 on the Group's financial statements may differ from that estimated as at the date of approval of these financial statements.

## **6. Significant Accounting policies**

### **6.1 Financial Instruments**

#### **Classification**

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of both:

- (a) The entity's business model for managing the financial assets, and
- (b) The contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

#### **Measurement**

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

## Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

## Equity instruments

The Group subsequently measures all equity investments at fair value except investment in joint venture and associate entities.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

## Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

## **Derecognition of financial assets**

A financial asset is derecognised only when

- The Group has transferred the rights to receive cash flows from the financial asset or
- The Group retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

## **Financial Liabilities**

All Financial liabilities are measured at amortised cost using effective interest method or fair value through profit and loss. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Group, and commitments issued by the Group to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

## **Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
  - on initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
  - it is a derivative that is not designated and effective as a hedging instrument
- A financial liability other than a financial liability held for trading or contingent consideration recognised by the Group as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:
- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
  - the financial liability is managed and its performance is evaluated on a fair value basis, in accordance with the Group's documented risk management or investment strategy, or
  - it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Gains or losses on financial guarantee contracts and loan commitments issued by the Group that are designated by the Group as at fair value through profit or loss are recognised in Statement of Profit and Loss.

#### **Financial liabilities subsequently measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### **Derecognition of financial liabilities**

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

### **6.2 Investments in associates and joint ventures**

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

A joint venture is a joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arrangement. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require unanimous consent of the parties sharing control.

The results and assets and liabilities of associates or joint ventures are incorporated in these consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in an associate or a joint venture is initially recognised in the consolidated balance sheet at cost and adjusted thereafter to recognise the Group's share of the profit or loss and other comprehensive income of the associate or joint venture.

Distributions received from an associate or a joint venture reduce the carrying amount of the investment. When the Group's share of losses of an associate or a joint venture exceeds the Group's interest in that associate or joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the associate or joint venture), the Group discontinues recognising its share

of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate or joint venture.

An investment in an associate or a joint venture is accounted for using the equity method from the date on which the investee becomes an associate or a joint venture. On acquisition of the investment in an associate or a joint venture, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

After application of the equity method of accounting, the Group determines whether there any is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the net investment in an associate or a joint venture and that- event (or events) has an impact on the estimated future cash flows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in an associate or a joint venture.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 Impairment of Assets as a single asset by comparing its recoverable amount (higher of value in use and fair value less costs of disposal) with its carrying amount, Any impairment loss recognised forms part of the carrying amount of the investment. Any recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate or a joint venture, or when the investment is classified as held for sale. When the Group retains an interest in the former associate or joint venture and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate or joint venture at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate or joint venture is included in the determination of the gain or loss on disposal of the associate or joint venture. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate or joint venture on the same basis as would be required if that associate or joint venture had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income' by that associate or joint venture would be reclassified to profit or loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

The Group continues to use the equity method when an investment in an associate becomes an investment in a joint venture or an investment in a joint venture becomes an investment in an associate. There is no remeasurement to fair value upon such changes in ownership interests.

When the Group reduces its ownership interest in an associate or a joint venture but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

When a group entity transacts with an associate or a joint venture of the Group, profits and losses resulting from the transactions with the associate or joint venture are recognised in the Group's consolidated financial statements only to the extent of interests in the associate or joint venture that are not related to the Group

### **6.3 Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, as they are considered an integral part of the Group's cash management.

### **6.4 Property Plant and Equipment**

#### **Recognition and initial measurement**

Property, plant and equipment are valued at cost of acquisition or construction less accumulated depreciation and impairment loss. The Group capitalises all costs relating to the acquisition, installation and construction of property, plant and equipment. Subsequent costs are included in the asset's carrying amount or recognised as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group. All other repair and maintenance costs are recognized instatement of profit or loss as incurred.

#### **Subsequent measurement (depreciation and useful lives):**

Depreciation is provided on the assets on their original costs up to their net residual value estimated at 5% of the original cost, prorata to the period of use on the written down value method, over their estimated useful life. Assets individually costing upto Rs 5,000 are fully depreciated in the year of purchase.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

#### **De-recognition:**

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is de-recognized.

### **6.5 Intangible Assets**

#### **Recognition and initial measurement**

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing

cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

#### **Subsequent measurement (amortisation):**

The cost of capitalized software is amortized over a period of 6 years from the date of its acquisition.

### **6.6 Capital work in progress and Capital advances**

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each Balance Sheet date are disclosed in Other Non-Financial Assets.

### **6.7 Revenue Recognition**

#### **Revenue from real estate development/ sale, maintenance services and project management services**

Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products (residential or commercial completed units) or services to customers in an amount that reflects the consideration the Group expects to receive in exchange for those products or services.

The Group satisfies the performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs; or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where any one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

In case, revenue is recognised over the time, it is being recognised from the financial year in which the agreement to sell or any other binding documents containing salient terms of agreement to sell is executed. In respect of 'over the period of time', the revenue is recognised based on the percentage-of-completion method ('POC method') of accounting with cost of construction incurred (input method) for the respective projects determining the degree of completion of the performance obligation.

The Group bills to customers for construction contracts as per agreed terms. The Group adjusts the transaction price for the effects of the significant financing component included in the contract price in the case of contracts involving the sale of property under development, where the Group offers deferred payment schemes to its customers.

The revenue recognition requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgments to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. In case, where the contract cost is estimated to exceed total revenues from

the contract, the loss is recognised immediately in the Statement of Profit and Loss. Revenue in excess of billing (unbilled revenue) are classified as contract asset while invoicing in excess of revenues (bill in advance) are classified as contract liabilities.

### Rent

Rental Income is recognised on a time proportion basis as per the contractual obligations agreed with the respective tenant.

### Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

### Dividend

Dividend income from investments is recognised when the Group's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

## 6.8 Cost of Revenue

Cost of Real estate projects Cost of project, includes cost of land (including cost of development rights/ land under agreements to purchase), liasoning costs, estimated internal development costs, external development charges, borrowing costs, overheads, construction costs and development/ construction materials, which is charged to the statement of profit and loss based on the revenue recognised as explained in policy under revenue recognition, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the specific project.

## 6.9 Borrowing cost

Borrowing costs directly attributable to the acquisition and/or construction of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss as incurred.

## 6.10 Inventories:

Inventories comprise of Land and development rights, Construction materials, Work-in-progress, completed unsold flats/units. These are valued at lower of the cost and net realisable value.

Land and development rights	Land and development rights (including development cost) are valued at lower of cost and net realisable value. Costs include land acquisition cost and initial development cost.
-----------------------------	--

Construction materials	Construction materials are valued at cost if the completed unsold flats/units in which they will be incorporated are expected to be sold at or above cost, else lower of cost and net realisable value. Cost is determined on a weighted average basis.
Work-in-progress (Land/ Real Estate under development)	Work-in-progress is valued at cost if the completed unsold flats/units are expected to be sold at or above cost otherwise at lower of cost and net realisable value. Cost includes direct expenditure relating to construction activity (including land cost) and indirect expenditure (including borrowing costs) during the construction period to the extent the expenditure is related to construction or is incidental thereto.
Completed unsold flats/units	Lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion (wherever applicable) and estimated costs necessary to make the sale.

### 6.11 Impairment of non - financial assets

The carrying amounts of the Group's property, plant & equipment and intangible assets are reviewed at each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The impairment loss, if any, is recognised in the statement of profit and loss in the period in which impairment takes place.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods. A reversal of an impairment loss is recognised immediately in profit or loss.

### 6.12 Employee benefits

#### 5.12.1 Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

#### 5.12.2 Post-employment obligations

The Group operates the following post-employment schemes:

- (a) defined benefit plan such as gratuity; and
- (b) defined contribution plan such as provident fund.

**Gratuity obligations:**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

**Defined contribution plan**

The Group pays provident fund contributions to publicly administered provident funds as per local regulations. The Group has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

**5.12.3 Compensated absences**

Short term compensated absences are provided for based on actuarial valuation at year end. Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method. The Group presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

**6.13 Accounting for provisions, contingent liabilities and contingent assets**

Provisions are recognised in the balance sheet when the Group has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Constructive obligation is an obligation that derives from an entity's actions where:

- by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities, and
- as a result, the entity has created a valid expectation on the part of those other parties that it will

discharge those responsibilities

Contingent liabilities are not recognised in the consolidated financial statements. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

#### **6.14 Income tax**

Income tax expense comprises both current and deferred tax.

##### **Current Income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Group operates and generates taxable income.

Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

##### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets and liabilities are not recognised for:

- Temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- Temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

**Minimum Alternate Tax:**

Companies have opted for paying Income Tax u/s 115BAA of the Income Tax Act, 1961. The MAT provisions under Section 115JB shall not be applicable to the companies that have exercised the option referred to under section 115BAA of the Income Tax Act, 1961.

**6.15 Dividends on ordinary shares**

The Group recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value remeasurement recognised directly in equity. Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

**6.16 Segment reporting**

The Company is primarily engaged in the business of Real Estate including group companies. As such the Company's financial statements are largely reflective of the Real Estate Business and there is no separate reportable segment.

Pursuant to Ind AS 108 - Operating Segments, no segment disclosure has been made in these financial statements, as the Company has only one geographical segment and no other separate reportable business segment.

**6.17 Onerous contracts**

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Group from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Group recognises any impairment loss on the assets associated with that contract.

**38.2 Defined benefit plans:**

The gratuity scheme is a defined benefit plan that provides for a lump sum payment to the employees on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service.

**38.3 These plans typically expose the Company to actuarial risks such as: interest rate risk, medical inflation risk, demographic risk, salary inflation risk and change in leave balances, as applicable.**

**Interest rate risk:** The plan exposes the Company to the risk off all in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

**Liquidity Risk:** This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

**Salary Escalation Risk:** The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

**Demographic Risk:** The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.

**Regulatory Risk:** Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of Rs. 20,00,000).

**AssetLiability Mismatching or Market Risk:** The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.

**Investment Risk:** The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

The weighted average duration of the defined benefit obligation as at March 31, 2022 is 5 years (2021: 5 years)

The Company's best estimate of Contribution during of ₹ 18.08 Lakhs (as at March 31, 2021: ₹. 21.69 Lakhs) to the defined benefit plans during the next financial year.

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk comprises of currency risk and interest rate risk. In the normal course of business and in accordance with our policies, we manage these risks through a variety of strategies.

**i). Currency risk**

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company is domiciled in India and has its revenues and other major transactions in its functional currency i.e. INR. Accordingly the Company is not exposed to any currency risk.

**Sumit Woods Limited**  
**Notes forming part of the financial statements**  
**All amounts are ₹ in Lakhs unless otherwise stated**

**ii). Interest rate risk**

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company has borrowed funds with both fixed and floating interest rate.

Particulars	As at March 31, 2022	As at March 31, 2021
<b>Floating rate borrowing</b>		
Term loans- from banks	6,494.08	3,038.40
<b>Total Borrowings</b>	<b>6,494.08</b>	<b>3,038.40</b>

**Interest rate sensitivity**

A change of 1% in interest rates borrowing would have following impact on profit before tax

Particulars	For the year ended March 31, 2022	For the year ended March 31, 2021
1% increase in interest rate – Effect on profit before tax	(81.64)	(46.73)
1% decrease in interest rate – Effect on profit before tax	81.64	46.73

**39.4 Derivative Financial Instruments**

**40 Fair Value Measurement**

**40.1 Fair value of the financial assets that are measured at fair value on a recurring basis**

Financial assets/ financial liabilities measured at Fair value	Fair value		Fair value hierarchy
	As at March 31, 2022	As at March 31, 2021	
<b>A) Financial assets</b>			
a) Investments in			
i) Equity shares (unquoted)	0.25	0.25	Level 3
<b>Total financial assets</b>	<b>0.25</b>	<b>0.25</b>	

As at the reporting date, the Company does not have any financial liability measured at fair values.

40.2 The Investments measured at fair value and falling under fair value hierarchy Level 3 are valued at cost, as cost has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair values within that range.

**40.3 Fair value of financial assets and financial liabilities that are measured at amortised cost:**

The management assessed that fair value of cash and cash equivalents, trade receivables, trade payables, and other financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

40.4 Reconciliation of Level III fair value measurement is as below:

	For the year ended March 31, 2022	For the year ended March 31, 2021
Balance at the beginning of the year	0.25	0.25

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF SUMIT WOODS LIMITED

#### Report on the Audit of the Standalone Financial Statements Opinion

We have audited the accompanying standalone financial statements of **SUMIT WOODS LIMITED** (the "Company"), which comprise the Balance Sheet as at March 31, 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows ended on that date, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("IndAS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2022, the Loss and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

#### Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing ("SAs") specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditors Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

#### Management's Responsibilities for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the

Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Standalone Financial Statements**

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional Skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user

of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### **Report on Other Legal and Regulatory Requirements**

1. As required by Section 143(3) of the Act, based on our audit we report that:
  - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
  - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account.
  - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act.
  - e) On the basis of the written representations received from the director's son March 31, 2022 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2022 from being appointed as a director in terms of Section 164(2) of the Act.
  - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
  - g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements.
    - ii. The Company has made provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts;
    - iii. There has been no delay in transfer ring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company and its subsidiary companies incorporated in India.
2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

## **ANNEXURE “A” TO THE INDEPENDENT AUDITOR’S REPORT**

**(Referred to in paragraph 1 (f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of SUMIT WOODS LIMITED of even date)**

### **Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

We have audited the internal financial controls over financial reporting of **SUMIT WOODS LIMITED** (the “Company”) as of March 31, 2022 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

#### **Management’s Responsibility for Internal Financial Controls**

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the account in records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditor’s Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing prescribed under Section 143 (10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial control over financial reporting included obtaining an understanding of internal financial control over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

## **Meaning of Internal Financial Controls over Financial Reporting**

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

## **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2022, based on the internal financial control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

## 1. Background Information

Sumit Woods Limited (The Company) was originally incorporated as “Sumit Woods Private Limited” at Goa on January 09, 1997 under the provisions of the Companies Act, 1956 vide Certificate of Incorporation issued by the Registrar of Companies, Goa, Daman and Diu at Panaji, Goa. The Registered Office of the Company was thereafter shifted to Mumbai with effect from March 24, 2005. Subsequently, The Company was converted into a public limited company under the Companies Act and the name of the Company was changed to ‘Sumit Woods Limited’ pursuant to fresh certificate of incorporation consequent upon change of name on conversion to public limited company dated February 06, 2018 issued by the Registrar of Companies, Maharashtra, Mumbai.

The Company is primarily engaged in the business of real estate/ real estate development and incidental services.

The addresses of its registered office and principal place of business are disclosed in the introduction to the annual report for the principal activities of the Company.

The standalone financial statements of the Company as on March 31, 2022 were approved and authorised for issue by the Board of Directors on May 27, 2022.

## 2. Statement of Compliance with Ind AS

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

## 3. Basis of Preparation of Financial Statements

The financial statements have been prepared on accrual basis under the historical cost convention except for certain financial instruments measured at fair value at the end of each reporting period as explained in accounting policies below.

The financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lacs, unless otherwise indicated.

### Current and Non-Current Classification:

An asset/liability is classified as current when it satisfies any of the following criteria:

- i. It is expected to be realized/ settled, or is intended for sale or consumption, in the companies normal operating cycle or
- ii. It is held primarily for the purpose of being traded or
- iii. It is expected to be realized/ due to be settled within 12 months after the reporting date or
- iv. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date or
- v. The Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date.

All other assets and liabilities are classified as non- current.

## 4. Use of estimates

The preparation of financial statements in conformity with the recognition and measurement principles of Ind AS requires management of the Company to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities, disclosures including disclosures of contingent assets and contingent liabilities as at the date of financial statements and the reported amounts of revenues and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimates are revised and in future periods which are affected.

Key sources of estimation of uncertainty at the date of the financial statements, which may cause a material adjustment to the carrying amounts of assets and liabilities within the next financial year, is in respect of: fair valuation of unquoted equity investments, impairment of financial instruments, impairment of property, plant & equipment, useful lives of property, plant & equipment, provisions and contingent liabilities and long term retirement benefits.

### **Estimation of uncertainties relating to the global health pandemic from COVID-19 (COVID-19):**

The Company has considered the possible effects that may result from the pandemic relating to COVID-19 on the carrying amounts of investments. In developing the assumptions relating to the possible future uncertainties in the global economic conditions because of this pandemic, the Company, as at the date of approval of these financial statements has used internal and external sources of information including credit reports and related information, economic forecasts. The impact of COVID-19 on the Company's financial statements may differ from that estimated as at the date of approval of these financial statements.

## 5. Significant Accounting policies

### 5.1 Financial Instruments

#### Classification

Financial assets, other than equity instruments, are subsequently measured at amortised cost, fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL) on the basis of both:

- (a) The entity's business model for managing the financial assets, and
- (b) The contractual cash flow characteristics of the financial asset.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

## Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not carried at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

## Debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.
- **Fair value through other comprehensive income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit and loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/ (losses). Interest income from these financial assets is included in other income using the effective interest rate method.
- **Fair value through profit or loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.

## Equity instruments

The Company subsequently measures all equity investments at fair value except investment in subsidiary, joint venture and associate entities.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in the statement of profit and loss. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

## **Impairment of financial assets**

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

## **Derecognition of financial assets**

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- The Company retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised.

Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

## **Financial Liabilities**

All Financial liabilities are measured at amortised cost using effective interest method or fair value through profit and loss. However, financial liabilities that arise when a transfer of a financial asset does not qualify for derecognition or when the continuing involvement approach applies, financial guarantee contracts issued by the Company, and commitments issued by the Company to provide a loan at below-market interest rate are measured in accordance with the specific accounting policies set out below.

### **Financial liabilities at FVTPL**

Financial liabilities are classified as at FVTPL when the financial liability is either contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies or is held for trading or it is designated as at FVTPL.

A financial liability is classified as held for trading if:

- it has been incurred principally for the purpose of repurchasing it in the near term; or
- on initial recognition it is part of a portfolio of identified financial instruments that the Company manages together and has a recent actual pattern of short-term profit-taking; or
- it is a derivative that is not designated and effective as a hedging instrument

A financial liability other than a financial liability held for trading or contingent consideration recognised by the Company as an acquirer in a business combination to which Ind AS 103 applies, may be designated as at FVTPL upon initial recognition if:

- such designation eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise;
- the financial liability is managed and its performance is evaluated on a fair value basis, in accordance with the Company's documented risk management or investment strategy, or
- it forms part of a contract containing one or more embedded derivatives, and Ind AS 109 permits the entire combined contract to be designated as at FVTPL.

Financial liabilities at FVTPL are stated at fair value, with any gains or losses arising on remeasurement recognised in Statement of Profit and Loss. The net gain or loss recognised in Statement of Profit and Loss incorporates any interest paid on the financial liability and is included in the 'Other income' line item.

Gains or losses on financial guarantee contracts and loan commitments issued by the Company that are designated by the Company as at fair value through profit or loss are recognised in Statement of Profit and Loss.

#### **Financial liabilities subsequently measured at amortised cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortised cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortised cost are determined based on the effective interest method. Interest expense that is not capitalised as part of costs of an asset is included in the 'Finance costs' line item. The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

#### **Derecognition of financial liabilities**

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or have expired. An exchange with a lender of debt instruments with substantially different terms is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. Similarly, a substantial modification of the terms of an existing financial liability (whether or not attributable to the financial difficulty of the debtor) is accounted for as an extinguishment of the original financial liability and the recognition of a new financial liability. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in Statement of Profit and Loss.

### **5.2 Cash and cash equivalents**

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short term deposits, as defined above, as they are considered an integral part of the Company's cash management.

### **5.3 Property Plant and Equipment**

#### **Recognition and initial measurement**

Property, plant and equipment are valued at cost of acquisition or construction less accumulated depreciation and impairment loss. The Company capitalises all costs relating to the acquisition, installation and construction of property, plant and equipment. Subsequent costs are included in the asset's carrying amount or recognised as separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized instatement of profit or loss as incurred.

#### **Subsequent measurement (depreciation and useful lives):**

Depreciation is provided on the assets on their original costs up to their net residual value estimated at 5% of the original cost, prorata to the period of use on the written down value method, over their estimated useful life. Assets individually costing upto Rs 5,000 are fully depreciated in the year of purchase.

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

#### **De-recognition:**

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognized in the statement of profit and loss, when the asset is de-recognized.

### **5.4 Intangible Assets**

#### **Recognition and initial measurement**

Intangible assets are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use.

#### **Subsequent measurement (amortisation):**

The cost of capitalized software is amortized over a period of 6 years from the date of its acquisition.

### **5.5 Capital work in progress and Capital advances**

Cost of assets not ready for intended use, as on the Balance Sheet date, is shown as capital work in progress. Advances given towards acquisition of property, plant and equipment outstanding at each Balance Sheet date are disclosed in Other Non-Financial Assets.

## 5.6 Revenue Recognition

### Revenue from real estate development/ sale, maintenance services and project management services

Revenue is recognised on satisfaction of performance obligation upon transfer of control of promised products (residential or commercial completed units) or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those products or services.

The Company satisfies the performance obligation and recognises revenue over time, if one of the following criteria is met:

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance as the Company performs; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and an entity has an enforceable right to payment for performance completed to date.

For performance obligations where any one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

In case, revenue is recognised over the time, it is being recognised from the financial year in which the agreement to sell or any other binding documents containing salient terms of agreement to sell is executed. In respect of 'over the period of time', the revenue is recognised based on the percentage-of-completion method ('POC method') of accounting with cost of construction incurred (input method) for the respective projects determining the degree of completion of the performance obligation.

The Company bills to customers for construction contracts as per agreed terms. The Company adjusts the transaction price for the effects of the significant financing component included in the contract price in the case of contracts involving the sale of property under development, where the Company offers deferred payment schemes to its customers.

The revenue recognition requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgments to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. In case, where the contract cost is estimated to exceed total revenues from the contract, the loss is recognised immediately in the Statement of Profit and Loss. Revenue in excess of billing (unbilled revenue) are classified as contract asset while invoicing in excess of revenues (bill in advance) are classified as contract liabilities.

### Rent

Rental Income is recognised on a time proportion basis as per the contractual obligations agreed with the respective tenant.

## Interest

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

## Dividend

Dividend income from investments is recognised when the Company's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

### 5.7 Cost of Revenue

Cost of Real estate projects Cost of project, includes cost of land (including cost of development rights/ land under agreements to purchase), liasoning costs, estimated internal development costs, external development charges, borrowing costs, overheads, construction costs and development/ construction materials, which is charged to the statement of profit and loss based on the revenue recognised as explained in policy under revenue recognition, in consonance with the concept of matching costs and revenue. Final adjustment is made on completion of the specific project.

### 5.8 Borrowing cost

Borrowing costs directly attributable to the acquisition and/or construction of a qualifying asset are capitalized during the period of time that is necessary to complete and prepare the asset for its intended use or sale. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss as incurred.

### 5.9 Investments in equity instruments of subsidiaries, limited liability Partnership, joint ventures and associates

Investments in equity instruments of subsidiaries, limited liability partnership, joint ventures and associates are stated at cost as per Ind AS 27 'Separate Financial Statements'

### 5.10 Inventories:

Inventories comprise of Land and development rights, Construction materials, Work-in-progress, completed unsold flats/units. These are valued at lower of the cost and net realisable value.

Land and development rights	Land and development rights (including development cost) are valued at lower of cost and net realisable value. Costs include land acquisition cost and initial development cost.
Construction materials	Construction materials are valued at cost if the completed unsold flats/ units in which they will be incorporated are expected to be sold at or above cost, else lower of cost and net realisable value. Cost is determined on a weighted average basis.

Work-in-progress (Land/Real Estate under development)	Work-in-progress is valued at cost if the completed unsold flats/units are expected to be sold at or above cost otherwise at lower of cost and net realisable value. Cost includes direct expenditure relating to construction activity (including land cost) and indirect expenditure (including borrowing costs) during the construction period to the extent the expenditure is related to construction or is incidental thereto.
Completed unsold flats/units	Lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less estimated costs of completion (wherever applicable) and estimated costs necessary to make the sale.

### 5.11 Impairment of non - financial assets

The carrying amounts of the Company's property, plant & equipment and intangible assets are reviewed at each reporting period to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amounts are estimated in order to determine the extent of impairment loss, if any. An impairment loss is recognised whenever the carrying amount of an asset exceeds its recoverable amount. The impairment loss, if any, is recognised in the statement of profit and loss in the period in which impairment takes place.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, however subject to the increased carrying amount not exceeding the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior accounting periods. A reversal of an impairment loss is recognised immediately in profit or loss.

### 5.12 Employee benefits

#### 5.12.1 Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

#### 5.12.2 Post-employment obligations

The Company operates the following post-employment schemes:

- (a) defined benefit plan such as gratuity; and
- (b) defined contribution plan such as provident fund.

## **Gratuity obligations:**

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

## **Defined contribution plan**

The Company pays provident fund contributions to publicly administered provident funds as per local regulations. The Company has no further payment obligations once the contributions have been paid. The contributions are accounted for as defined contribution plans and the contributions are recognised as employee benefit expense when they are due. Prepaid contributions are recognised as an asset to the extent that a cash refund or a reduction in the future payments is available.

### **5.12.3 Compensated absences**

Short term compensated absences are provided for based on actuarial valuation at year end. Long term compensated absences are provided for based on actuarial valuation at the year end. The actuarial valuation is done as per projected unit credit method. The Company presents the compensated absences as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

### **5.13 Accounting for provisions, contingent liabilities and contingent assets**

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. Where the time value of money is material, provisions are measured on a discounted basis. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Constructive obligation is an obligation that derives from an entity's actions where:

- by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has indicated to other parties that it will accept certain responsibilities, and
- as a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities

Contingent liabilities are not recognised in the financial statements. Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

#### **5.14 Income tax**

Income tax expense comprises both current and deferred tax.

##### **Current Income tax**

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date where the Company operates and generates taxable income.

Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

##### **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax assets and liabilities are not recognised for:

- temporary differences arising on the initial recognition of assets or liabilities in a transaction that is not a business combination and that affects neither accounting nor taxable profit or loss at the time of the transaction;
- temporary differences related to investments in subsidiaries, associates and joint arrangements to the extent that the Group is able to control the timing of the reversal of the temporary differences and it is probable that they will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

##### **Minimum Alternate Tax:**

Company has opted for paying Income Tax u/s 115BAA of the Income Tax Act, 1961. The MAT provisions under Section 115JB shall not be applicable to the company that has exercised the option referred to

under section 115BAA of the Income Tax Act, 1961.

### **5.15 Dividends on ordinary shares**

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value remeasurement recognised directly in equity. Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

### **5.16 Segment reporting**

The Company is primarily engaged in the business of Real Estate including group companies. As such the Company's financial statements are largely reflective of the Real Estate Business and there is no separate reportable segment.

Pursuant to Ind AS 108 - Operating Segments, no segment disclosure has been made in these financial statements, as the Company has only one geographical segment and no other separate reportable business segment.

### **5.17 Onerous contracts**

Provisions for onerous contracts are recognised when the expected benefits to be derived by the Company from a contract are lower than the unavoidable costs of meeting the future obligations under the contract. The provision is measured at the present value of the lower of the expected cost of terminating the contract and the expected net cost of continuing with the contract. Before a provision is established, the Company recognises any impairment loss on the assets associated with that contract.

**36 Segment information**

In line with the provisions of Ind AS 108 - Operating segments and basis the review of operations being done by the board and the management, the operations of the Company fall under colonization and real estate business, which is considered to be the only reportable segment.

**36.1 Information about revenue from external customers in various geographical areas**

The Company is operating in India which is considered as a single geographical segment.

**Sumit Woods Limited**  
**Notes forming part of the financial statements**  
**All amounts are ₹ in Lakhs unless otherwise stated**

**36.2 Information about major customers**

The Company derives its major revenues from construction and development of real estate projects and its customers are widespread. Revenue includes sales of Rs. 328.76 Lakhs (for the year ended March 31, 2021: ₹ 341.98 Lakhs) which arose from sales to its One (for the year ended March 31, 2021: Two) major customers which accounts for more than 10% of the Company's total revenue. No other single customer contributed 10% or more to the Company's revenue.

**37 Employee benefit plans**

**37.1 Defined contribution plans:**

The Company makes Provident Fund contributions which are defined contribution plans, for qualifying employees. Under the Schemes, the Company is required to contribute a specified percentage of the payroll costs to fund the benefits. The Company recognised ₹ 7.20 Lakhs (PF - 3.12 Lakhs & Pension Fund -4.09 Lakhs) (Previous Year ended 31 March, 2021: ₹ 3.13 Lakhs (PF-0.89 Lakhs & Pension -2.24 Lakhs) )for Provident Fund contributions, in the Statement of Profit and Loss. The contributions payable to these plans by the Company are at rates specified in the rules of the schemes.

**37.2 Defined benefit plans:**

The gratuity scheme is a defined benefit plan that provides for a lump sum payment to the employees on exit either by way of retirement, death, disability or voluntary withdrawal. The benefits are defined on the basis of final salary and the period of service.

**37.3 These plans typically expose the Company to actuarial risks such as: interest rate risk, medical inflation risk, demographic risk, salary inflation risk and change in leave balances, as applicable.**

**Interest rate risk:** The plan exposes the Company to the risk off all in interest rates. A fall in interest rates will result in an increase in the ultimate cost of providing the above benefit and will thus result in an increase in the value of the liability.

**Liquidity Risk:** This is the risk that the Company is not able to meet the short-term gratuity payouts. This may arise due to non availability of enough cash/cash equivalent to meet the liabilities or holding of illiquid assets not being sold in time.

**Salary Escalation Risk:** The present value of the defined benefit plan is calculated with the assumption of salary increase rate of plan participants in future. Deviation in the rate of increase of salary in future for plan participants from the rate of increase in salary used to determine the present value of obligation will have a bearing on the plan's liability.

**Sumit Woods Limited**  
**Notes forming part of the financial statements**  
**All amounts are ₹ in Lakhs unless otherwise stated**

<b>Demographic Risk:</b>	The Company has used certain mortality and attrition assumptions in valuation of the liability. The Company is exposed to the risk of actual experience turning out to be worse compared to the assumption.
<b>Regulatory Risk:</b>	Gratuity benefit is paid in accordance with the requirements of the Payment of Gratuity Act, 1972 (as amended from time to time). There is a risk of change in regulations requiring higher gratuity payouts (e.g. Increase in the maximum limit on gratuity of ₹ 20,00,000).

<b>Asset Liability Mismatching or Market Risk:</b>	The duration of the liability is longer compared to duration of assets, exposing the Company to market risk for volatilities/fall in interest rate.
<b>Investment Risk:</b>	The probability or likelihood of occurrence of losses relative to the expected return on any particular investment.

The weighted average duration of the defined benefit obligation as at March 31, 2022 is 5 years (2021: 5 years)

The Company's best estimate of Contribution during of ₹ 18.08 Lakhs (as at March 31, 2021: ₹. 21.69 Lakhs) to the defined benefit plans during the next financial year.

Reason for change more than 25% : There was loss of Rs. 1907.71 lakhs in FY 20-21 due to corona pandemic. In FY 2021-22 losses reduced to Rs. 100.59 lakhs. Improvement in Return on investment Ratio is due to decrease in loss after tax compared to last year.

42 The outbreak of the Covid-19 pandemic and the consequent lock down has impacted the regular business operations of the Company. The Company has assessed the impact of the pandemic on its financial position based on the internal and external information, to the extent known and available up to the date of approval of these financial statements. Based on such assessment, the Company believes no additional adjustments is required as at 31 March 2022, and 31 March 2021 to the carrying value of trade receivables, inventories, property, plant & equipment, deferred tax asset and other financial assets. Further, the Company has also assessed its liquidity position and based on the cash flows available on balance sheet and unutilized credit lines with banks, the Company will be able to meet all its obligations. The impact of the pandemic may be different from that assessed as at the date of approval of these financial statements and the Company will continue to monitor any material changes to future economic conditions.
