- 4 Impact of COVID-19
The World Health Organisation (WHO) declared the novel Coronavirus (COVID-19) outbreak a global pandemic on March 11, 2020. Consequent to this, Government of India had declared lockdown on March 23, 2020 and therefore, the Company suspended its business operations. COVID-19 has impacted the normal business operations of the Company by way of interruption in production, supply chain disruption, closure of production facilities etc. during the lock-down period. However, business operations resumed from June 01, 2020 after obtaining necessary permissions from the appropriate government authorities. We have also taken necessary precautions to ensure the health, safety and wellbeing of all our employees as well as put in place SOPs and guidelines as per state government directives to prevent the spread of Covid-19. The Company has made detailed assessment of its liquidity position for FY 2021 and the recoverability and carrying value of its assets comprising property, plant and equipment, intangible assets, investments, inventory, and trade receivables. Based on current indicators of future economic conditions, the Company expects to recover the carrying amount of these assets. The situation is changing rapidly giving rise to inherent uncertainty around the extent and timing of the potential future impact of the COVID-19 which may be different from that estimated as at the date of approval of these consolidated financial results.
Due to outbreak of Covid 19 globally and in India, the Company's management has made initial assessment of likely adverse impact on business and financials risks on account of Covid 19 and believes that the impact is likely to be short term in nature. The management does not see any medium to long term risks in the Company's ability to continue as a going concern and meeting its liabilities as and when they fall due, and compliances with the debt covenants, as applicable.
The Company will continue to closely monitor any material changes arising of future economic conditions and impact on its business.
In accordance with the RBI guidelines relating to COVID-19 Regulatory Package dated March 27, 2020, April 17, 2020 and May 23, 2020, the Company has taken moratorium on the payment of instalments falling due between April 1, 2020 and August 31, 2020 ('moratorium period').
- 5 The company is primarily engaged in the business of Real Estate . As such the company's financial statements are largely reflective of the Real Estate Business and there is no separate reportable segment.
Pursuant to Ind AS 108 - Operating Segments, no segment disclosure has been made in these standalone financial statements, as the company has only one geographical segment and no other separate reportable business segment.
- 6 The figures of the quarter ended 31 March 2020 are the balancing figures between the figures for the audited financial year 2019-20 and published year to date unaudited figures up to the third quarter of the financial year.
- 7 The figures for the corresponding previous period have been regrouped/reclassified wherever necessary, to make them comparable.
